VEHICLES (JAN 6TH)

New Scania Tractors, and 3 new Scania rigid's added to fleet and increase the number of vehicles to 62.

TRAILERS (FEB 20TH)

Montracon Tail lift trailers purchased recently, to assist with a contract for a local company, who distribute full trailer loads to customers without forklift offloading methods

DOUBLE DECK TRAILERS (MARCH)

ELW third double deck trailer arrives on site. This will maximise loads to and from Fradley hub at Lichfield. Our customers consignments are dispatched in a variety of heights and widths and the trailers offer great flexibility

NAVMAN SATELLITE (MARCH)

Launched March 2005, ELW transport office contact drivers via text messages. The drivers have a monitor and keyboard in the cabs to reply. Traffic operators now have 2 computer screens on their desks, one screen displays all the fleet on a map and the other screen allows input of orders on our Mandata system.

STAFF TRAINING (JUNE 6TH)

Members of staff have completed this year NVQ's for various course studies, in addition management staff will complete a 12 month management course covering various studies.

LA POSTCODE (AUGUST)

ELW are the Lancashire partner for UK Pallets, which is a pallet network of 72 logistics and warehousing companies throughout the UK. We cover collections and deliveries for the BB,BL,FY and PR postcodes and we deliver and collect over 300 pallets per day. In August we took over the LA postcode and now business in Lancaster, Morecambe, Barrow and Kendal are appreciating our friendly, efficient service.
